COASTAL MASTERPLAN / REBUILT V2

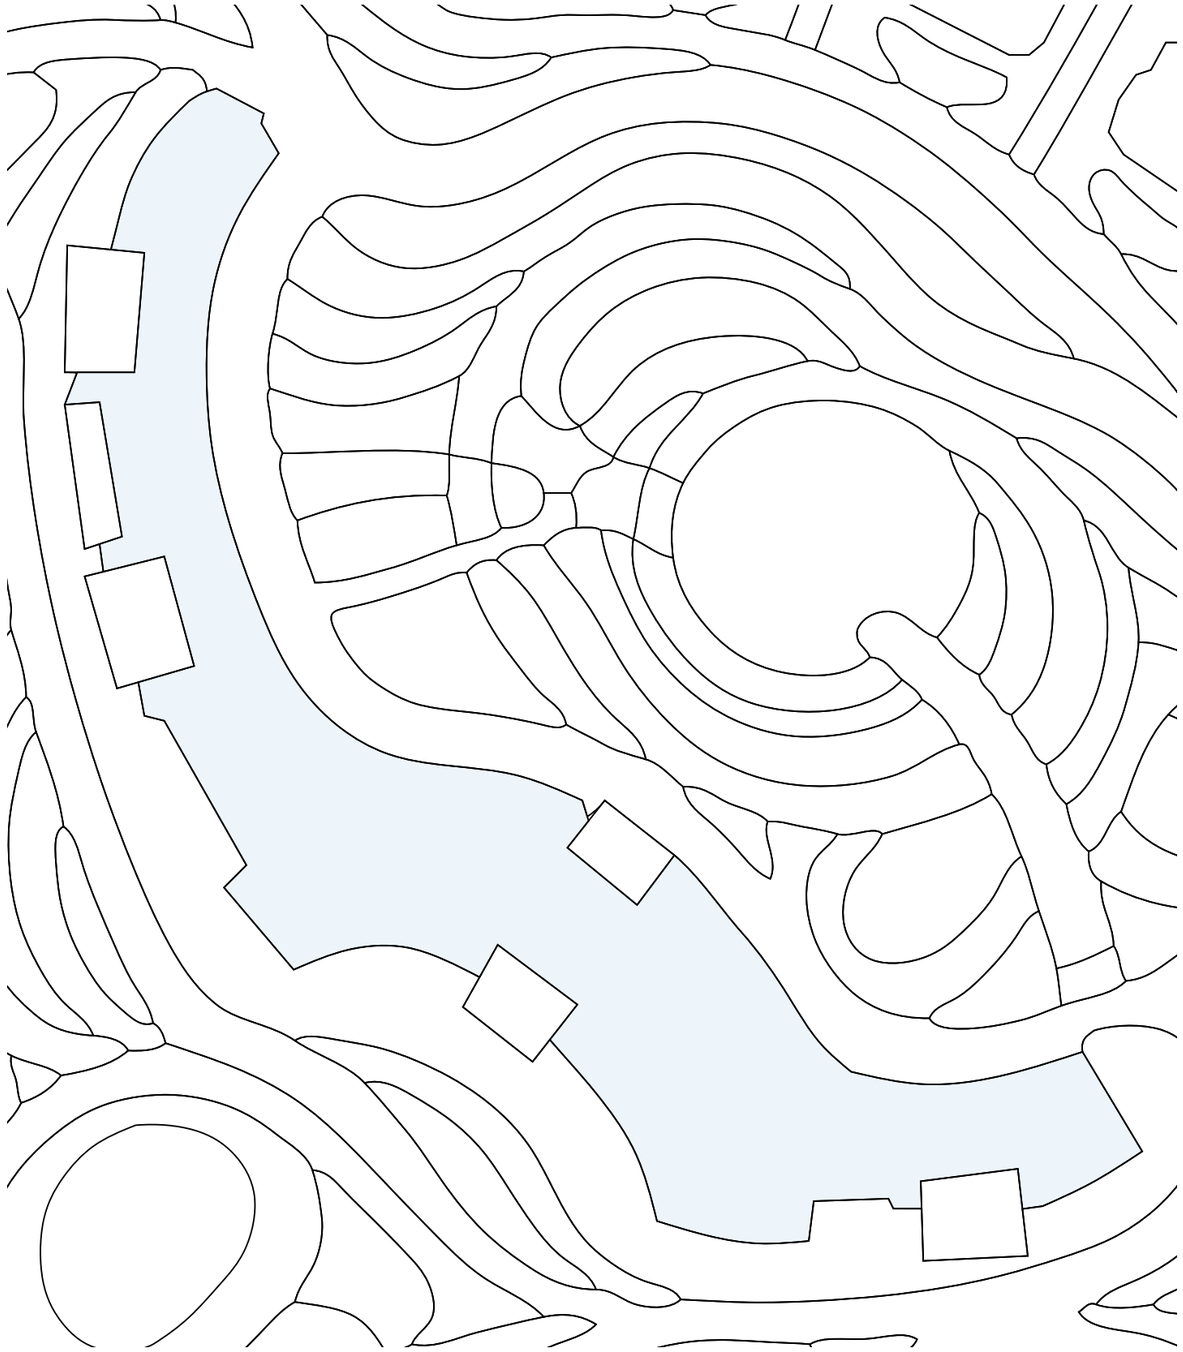

Native smooth curves, closed contours and sharp building corners. CAD geometry preview.

MAIN BUILDING / REFERENCE AND REBUILT CAD

Left: accepted reference. Right: reconstructed main building and shared paths. Pale fill is preview only.

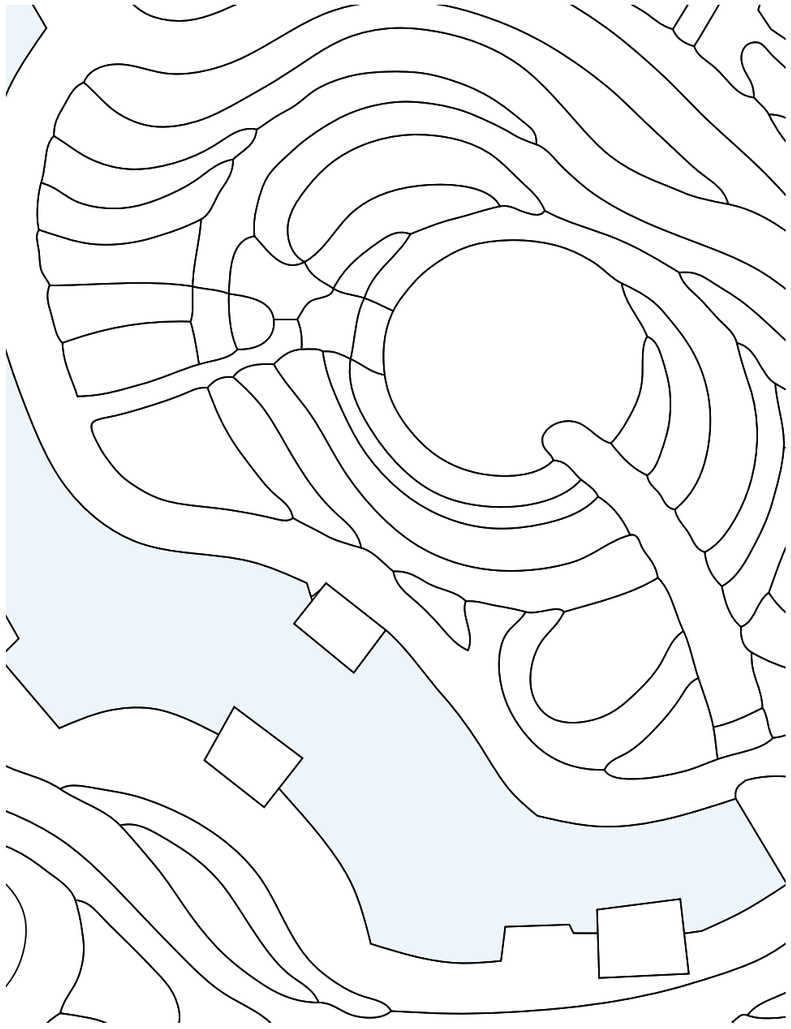

Dimensions remain inferred from the image scale; this is not a millimetre-accurate survey.

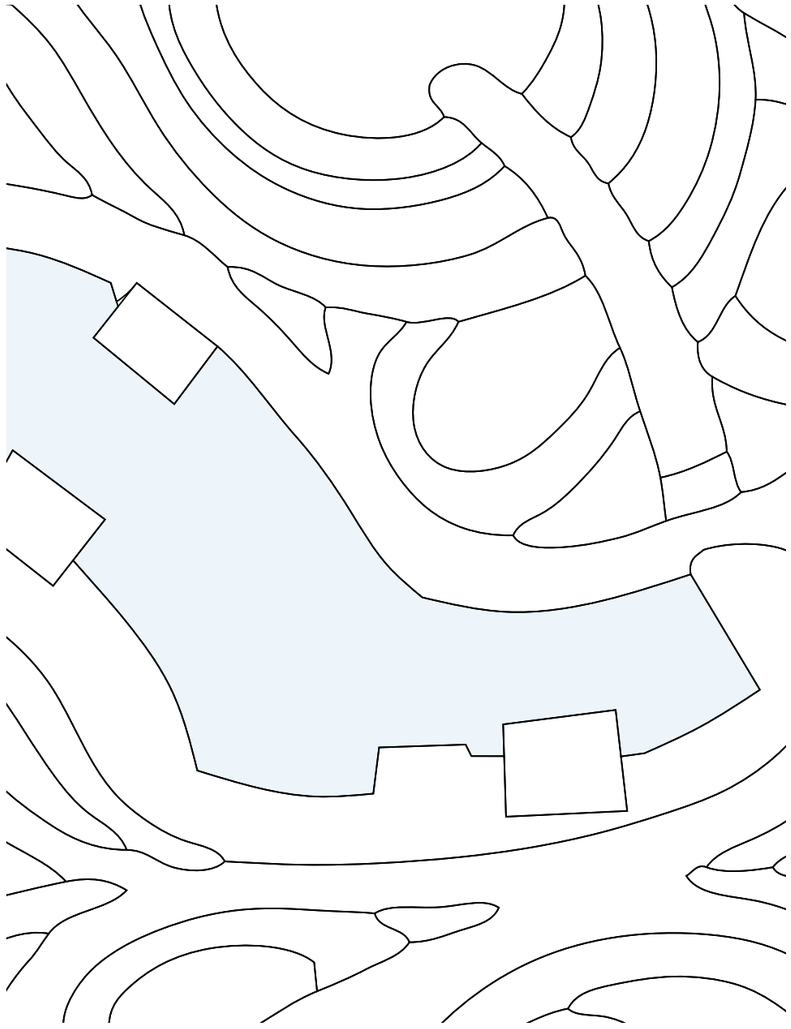

JUNCTIONS AND CORNERS / CAD DETAIL REVIEW

Smooth analytic curves meet at shared endpoints; sharp designed corners remain sharp.

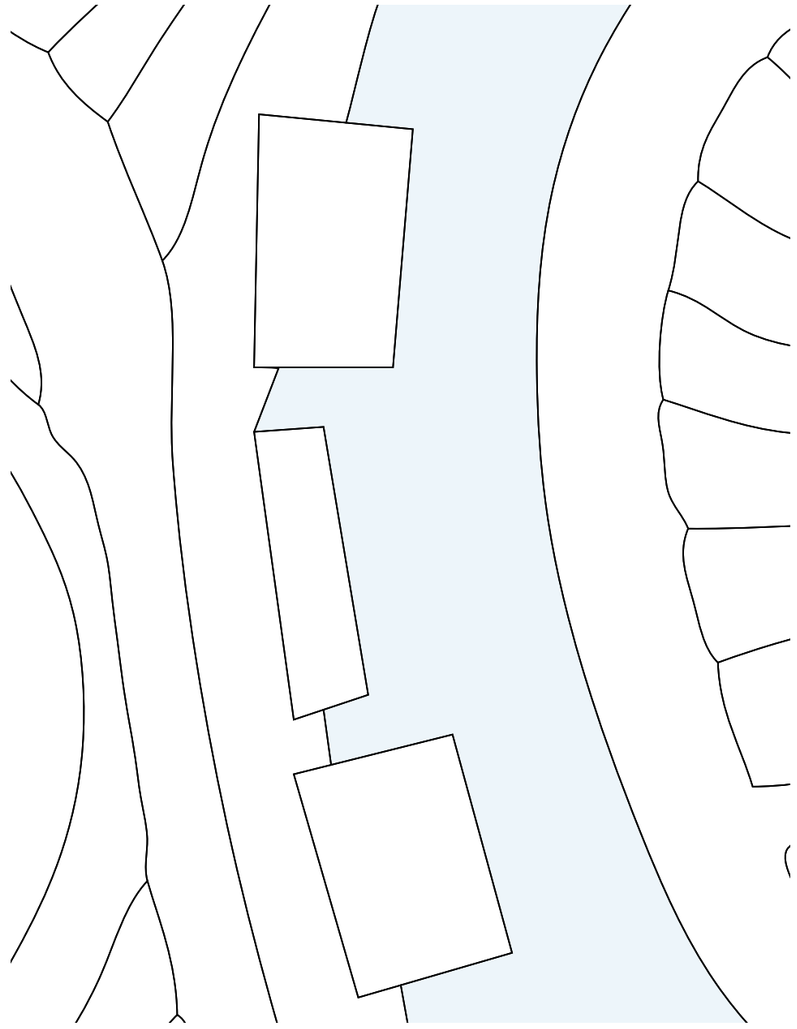

Bridge and central rings

Main building return

Building projections

Files: rebuilt DWG + native spline DXF + closed polyline DXF for SketchUp + isolated main building DXF.

AutoCAD / SketchUp Desktop opening has not been tested in this environment.
