02 | TURTLE CARAPACE - LEFT SIDE CORRECTION

Large faceted shell plates replace the wave-like planting beds in the west strip.

07 | MANGROVE LEAF VENATION

A strong midrib and oblique secondary veins organize elongated landscape rooms.

08 | BRAIN CORAL RIDGES

Continuous folded green ridges and open valleys with cross connections.

09 | FISH GILL LAMELLAE

Rhythmic parallel curved bands connect to an axial promenade.

10 | COASTAL WAVE FRONTS

Long open curves organize alternating planting, walking and water bands.

11 | TIDAL DELTA

A main circulation trunk opens into a hierarchy of distributary routes.
